

Ilke Arslan is the Director of the Center for Nanoscale Materials and the Division Director of the Nanoscience and Technology division at Argonne National Laboratory.

Dr. Arslan joined Argonne in 2017. From 2011 to 2017, she worked as a senior scientist at Pacific Northwest National Laboratory. From 2008 to 2017, she held a faculty position in the Chemical Engineering and Materials Science department at the University of California, Davis, and from 2006 to 2008, she was a Truman

Fellow at Sandia National Laboratories. Dr. Arslan has a doctorate in physics from the University of California, Davis, and has been honored with the Presidential Early Career Award for Scientists and Engineers. She is an Oppenheimer Fellow of the Oppenheimer Science and Energy Leadership Program.
